DEDICATION

0

To our Mothers and Fathers—whose untiring efforts have made possible the happy year portrayed here, the Classes of 1928 lovingly dedicate this book.

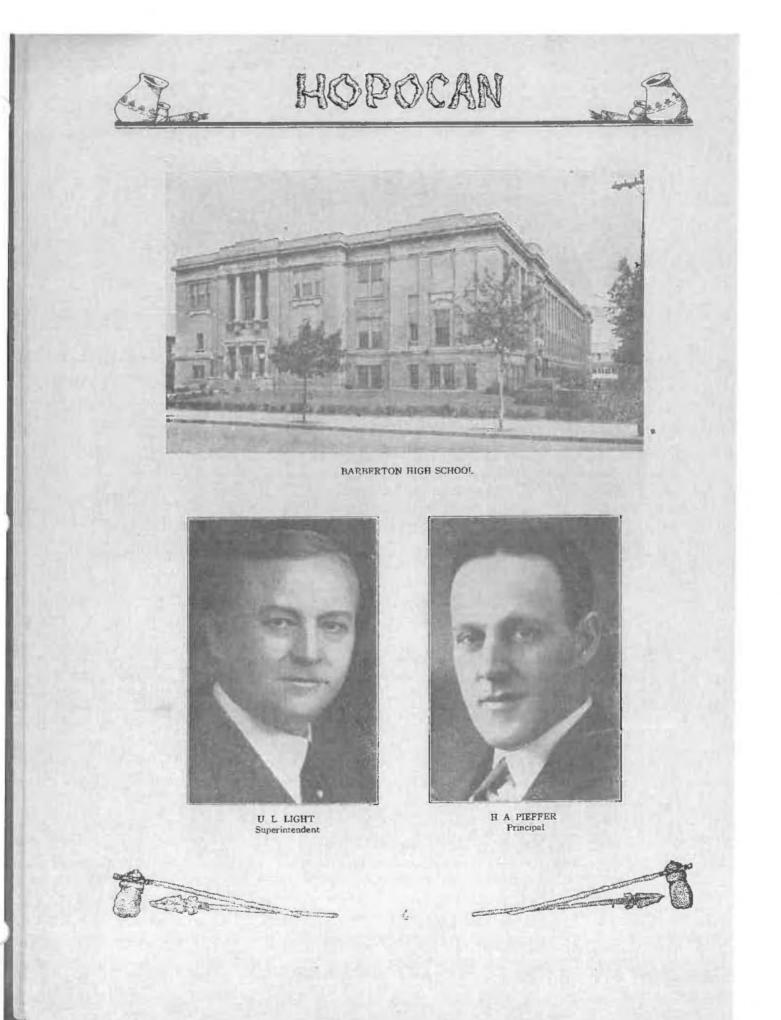

ARBERTON, situated on the historic Portage Path, is particularly rich in Indian lore. The street on which Barberton High School is situated is named after Hopcoan, chief of the Tuscarawas tribe. In memory of these Indians who lived and hunted on the prarie and along the Tuscarawas River on which Barberton is situated, we, the classes of twenty-eight, regard it as particularly appropriate that we name our Annual in honor of the great chief Hopocan, whose bones lie beneath the "Indian Memorial Statue" in the little park on Portage Path.

Heap Little Chiefs

The two classes of 1928 have combined tribal forces in publishing this Year Book. The work has been done in Journalism Class under the supervision of Marguerite Cline-Wilson. The staff served under the direction of Paul Shaw, Editor-in-Chief, during the first semester, and Harry Evans, Editor-in-Chief, second semester. Mark Leppzer of January, 1928, has been Art Editor, and Bob Anderson of June, 1928, Business Manager.

The printing of this book has been done by Barberton High's own students under the supervision of Mr. M. A. Clark.

Untiring effort and excellent co-operation have made this project possible.

"Farewell"

Farewell, farewell, old B. H. S., We leave you now with deep regret. The friends that we have learned to love Have not departed from us yet

Now we must journey to life's end, Fun, hardships, grades have met a close Struggling, gaining never ceasing To acclaim the greatest that life holds.

Now we have left the Halls of Fame And the grind once more begun, This class will ne'er be a part again, We bid goodbye to everyone.

Tribal Scroll Of January '28

In the dead of the winter 1924, one hundred and twenty-five young bucks and maidens came drifting into a new camping ground where the rivers Wunderlich and Newell fork on the great Hopocan trail.

During the first twelve moons all efforts of the tribe were directed toward the subduing of the Sophomore braves whose superiority was most irksome to the verdent warriors.

A truce was finally agreed on and so the New Ones pitched their wigwams and settled down to the trapping of Latin verbs, the conquest of the lesson and harvesting of grade cards.

August Hoffman, a lithe young brave, was made Chieftain and only one sorrow marked the passing of the year when the fair maiden Christina Luck was called to the Great Unknown.

With the coming of the Spring in 1925 a pow-wow was held and the mighty warrior, Harold Slaybaugh, was chosen Big Chief.

During this memorable year a journey was made across the plains in "Chugchugs" to Tidewater where a great scalping party was held. Dozens of doughnuts disappeared as firewater of a soothing brand was consumed.

In the late moons of the year a new council, the Wise Princess, Miss Immler, came to guide the tribe through hard winters and tough places.

As the years passed the tribe dwindled, some being lost in the Wilderness of History, Latin, Geometry and English forests, others descriing to join different bands.

The first sun dance was held in the music room amid much beating of war drums and tribal songs.

At the beginning of 1927, ceremonial jackets were donned by braves and squaws, and the tribe shoved off in their various birchbarks, some strong, some not so strong, according to the workmanship, and started on their last trip around B. H. S.

Again the tribe was stopped and saddened above all telling by the loss of their Most Faithful Chief, Harold Slaybaugh, whose absence they have never ceased to regret.

In due course of time the fair maid Miriam Tawney ascended the vacant throne and became a kindty ruler.

As spring advanced much wampum was zealously collected through a great Medicine Show for the Heap Big Banquet, where the Wild Indians of June '27 were bidden farewell.

And so the last portage was successfully made and the tribe has reached the end of this happy trail. Before it sweeps the river called Life—and we embark, carrying happy memories, the sadness of parting brightened by the thought that as we are swept along we will constantly find some one from our old Tribe we may call—Friend.

Indian Lament

(CLASS POEM)

Looking from the Wigwam door Into the mirror of a lake, And in the shadow from the shore, Our future, little ripples make.

Success we see on every wave, Bobbing with the noiseless motion, Never sinking from our gaze, Held there by God's own notion.

Life's great prize we see afloat, Who shall swim the waters wide, Grasp the prize that's so remote, With the failures share your pride.

Forty-two wade from the shore Into the waters of the lake, Looking from the Wigwam door, Farewell to these we sadly take.

-MARK P. LEPPZER.

In Memoriam

CHRISTINA LUCK

A LUCK - HAROLD SLAYBAUGH

January 1928

They've dropped off by the roadway, These friends of ours so dear, And nothing that we now might say, Will they—now slumbering—hear.

And yet as we pass onward, And go out on our way, There's just this little by-word, That we would like to say.

They've passed from out our number, They've moved to realms unknown, Yet always we'll remember, And count them with our own.

Tribe Will

We, the Blue and Tan, Class of January '28, before going on to the Happy Hunting Ground, do solemnly make this last will and testament. Professing to be sound in body and mind, we hereby inscribe these words on this; the nineteenth day of January, the year nineteen hundred and twenty-eight.

ARTICLE I.

The Class wishes to make the following collective bequests:

To the ensuing classes we leave our ability to succeed in everything we undertake.

To the June Class of '28 we lovingly entrust our "imposing" dignity. We think they need it (?)

To the Senior B's we leave our seats in the Study Hall. They are well equipped with gum, candy wrappers, pencil shavings, and waste paper in assorted colors and sizes. We hope they may enjoy their sojourn among these scarred veterans of departed classes.

To the Freshies we leave our ability to get through the halls without passes.

The Class bequeaths its charming little ways to the Juniors so that the loss of our beaming countenances will not be felt so keenly.

To the student body of B. H. S. we leave our tendency to rebel at all class meetings and hope they make use of it when any member does not choose to run.

The Class has opened a charge account at the Liberty Dry Cleaners so that all class sweaters may henceforth and forevermore be kept immaculate.

To the Sophomores we bequeath our ability to grasp and retain knowledge.

To the faculty we leave our amiable dispositions and our untiring patience so that they may be able to cope with the oncoming horde of dumb-bells.

To the school we leave ourselves to be hung up in Memory Hall. You know the old saying: "Gone, but the smell still lingers."

ARTICLE II.

Many of the members of our illustrious class wish to dispose of their properties personally.

To Harry Evans, Virgil Weatherford leaves his graceful steps on the ball room floor. We know Billie will appreciate this.

Harry Daly wills to Ted Frase his great courting ability, as Ted has the stuff but doesn't use it.

Howard and Nita would prefer keeping the "Love Nest" but as the Seniors must be amused they have consented to leave their loving dispositions to Russ Romig and Alice McCorkle.

To Pauline Adams, Priscilla Sipos bequeaths all her womanly charm, with "specs" thrown in for good measure.

Of course our big cave man, Bill Robertson, leaves his unusual ability and wise cracks to anyone nuts enough to take 'em.

Russel Lecky leaves his fuzz to Cocky Chandler. It might show up better.

Max Grossman leaves about twenty pounds to fill out the kinks in Bob Anderson.

10 POCAN

Frank Brown wills his mustachio to Frances Shank.

Harry Evans receives Paul Shaw's position of Editor-in-Chief of the "Magician." (He can have it.)

Martin Jordy prefers keeping his job at the "Ladies' Style Shop." Why not? Bessie Chandler bequeaths a number of her smiles to the faculty to be distributed generously.

Margaret Yoder wills her collection of tardy slips to Mary Keenan.

Letha Jennings leaves a slightly used bottle of peroxide to Christina Street.

Joe Chirich leaves his popularity with girls to Clifford Wheatcraft.

To Velma Swigart, Frankie Bouscher bequeaths his ideal baby tace knowing that it will harmonize with Velma's juvenile actions.

Elizabeth Repar wills to Frances Perrier her genius in French.

Dorothy Bliss leaves to Augusta Miller a little of her excess avoirdupois.

Jack Rotes leaves his way with the ladies to John Leppzer.

Helen Boden leaves to Ann Haiden her nightingale voice.

Catherine Eckroate bequeaths to Ruby Miller a volume of "World History" and a Webster's dictionary.

Mary Fischer wills to Janet MacDonald the name of being a man-hater.

Mamie Northrop wills part of her long visit at B. H. S. to Velma Swigart.

Elinor Ford leaves to Alice Whitehead the ability of once again being a youth We asked Pearl Carmichael who he wanted to leave his gold tooth to, but he said he wanted to take it along with him.

I, Fern Poulton, do bequeath my Ritzy ancient green jersey dress to Gustie Miller, as no one but she could create a costume from it.

Frank Hammet leaves his pair of knee pads to Blair Hicks, so that he will not scrape off all the skin from his knees when he gives his chapel speech.

Mark P. Leppzer endows Roy Hicks with his genius for creating hot stuff with a brush.

ARTICLE III.

As guardians of our beloved advisor, "Adeline" Immler, we appoint Adolph Bauer and Joe Molvortz. No longer can we haunt Room 12, but we teel, in these we have worthy successors.

ARTICLE IV.

To see that the provisions of this will are faithfully and justly executed, we appoint M1. Reed. He may choose whomever he wishes to help him in this task. (SIGNED) THE JANUARY CLASS OF 1928,

Class Song

I. Our school days now are ended, We'll soon be leaving you. With tears our smiles are blended As we leave old friends—tried and true. And now we find each memory A link to draw our hearts to you.

CHORUS

Here's to the class of '28, Here's to the Scarlet and Gray, Here's to the way we'll meet our fate, Although with heavy hearts we say Farewell to the class of '28, Farewell to the Scarlet and Gray.

11.

Memories linger 'round old days, Days that shall come no more, Old friends, old pals, old things and ways, Lie like driftwood on memory's shore. We may forget parties, and dances and plavs, But in our memory shall linger, dear old B. H. S. days.

24

(lass History June '28

a trive of modern Indians, we Old customs cast aside Fully civilized and now Hopocan's greatest pride!

The September sun was shining down origntly on the little city of Barberton, nestled contentedly between its metropolitan neighbors, Kenmore and Doylestown.

In the happy homes of the Indians, no longer wigwams, all was hustle and bustle. What could account for the unusual amount of commotion? Eureka! I have it. It is the first day of school. They swung in from east side, west side, and all around the town—one hundred and fifty-two little people, assembling at their common goal— B. H. S. But what is wrong? Why are they treated as outcasts? Why are the next few days such an ordeal? Shower after shower, fountain after fountain, and even the grim waters of Lake Anne contrive to bring the lowly victim to his knees, as in sorrow he mutters, "Father, forgive them, for they know not what they do."

But even the best of things must end, so there are sighs of heartfelt relief as January comes. Soon a great discovery is made. It really is funny to see those Freshies. We think we may have been funny, but we never made such a close approach to the ridiculous.

The semester flies. Vacation comes and goes and lo we are Sophomores. Gaily we flit from flower to flower enjoying ourselves to the uttermost. Classmates, however, have dropped one by one from rank and file.

The bud is now halfway open. A gorgeous petal peeps out from the surrounding foliage. 'Tis the Junior! All hail the upper classmen! Studies are a little harder but good times, dances, and parties are more numerous. When the class rings arrive, the cup of life is full to overflowing!

A few fleeting weeks of vacation, and at last our goal is reached. Seniors! The cream of the school. First comes the big blowout or Spanish Fiesta, followed closely by the fight for class sweaters in which red and gray blazers emerged triumphant. The great trial comes next. Chapel speeches! But even this could not dull the keen joys of parties and the two Senior proms.

Graduation time draws near with a sigh, fifty-one members of a once powerful tribe leave the large wigwam and go forth to meet and contend with Fate.

CLASS POEM

Now our wigwam's door we're closing, No longer united to be. Together we leave the wigwam Out for better and more things to see.

For four short years we've wandered, A band of maidens and warlike braves, Wandering into ventures That every student craves.

Together we braved the trials of life, Together we straightened the paths; United we bore our sorrows And united enjoyed our laughs.

We wonder what Future holds for us, What will occur in the years to come? Success will perhaps come to many, An occasional failure to some.

Our paths won't be strewn with roses, Each rose will hide many a thorn, But when successful old age creeps upon us, We'll be proud of the hardships we've borne.

But now open spaces are calling, Calling us fiercely home; Each June nineteen twenty-eight, Redskin Sets out from the wigwam-alone.

THE WORLD MAKES WAY FOR THOSE WHO WILL.

We, the members of the Scarlet and Gray tribe of June '28, v llage of Barberton, county of Summit, and State of Ohio, being weak in purpose, tickle in heart, knowing that our entry into the Happy Hunting Ground will not be postponed, do hereby declare this as our last Will and Testament.

We hereby dispose of our few valueless possessions in the to be said way:

ARTICLE I.

1. To the school we leave our seats in the Study Hall plus chewing gum (twice chewed), wrappers and any miscellaneous material laying around, as Mary Keenan and Ed Atkinson.

2. To the Faculty we leave our sincerest thanks for all the knowledge they have taught us, realizing that we were long ago given up as hopeless.

ARTICLE II.

1. We bequeath Billie Ferrell's golden locks and "It" to be divided equally among the Sr. B's. She also leaves one of her pictures to be used as a Palmolive Soap ad.

2. We give our class jewels (Rubie Miller's) passion for blood-thirsty stories and delight at picking blackheads to Kathryn Ayres so Peg Cline Wilson will have some one to entertain her.

3. We will Harry Evans' wonderful line to Harold Saurer. Try it, Harold, it sure catches fish. Ask any Senior girl.

4. Our class sheik, Frankie Smith, asks that "Red" Romig take his affair with Katharine Beckly in hand. (But be careful, Frankie, for how that red-headed rascal does use those hands and the attached arms!)

5. To the late Mrs. Wilson we leave all our truthful souls, believing that said person needs them. Added to this we leave a good up-to-date cook book.

6. Lillian Davis leaves her ability to tame "Doc" Spangler to all the S1. B girls. They'll sure need it when they take Senior algebra.

7. Agnes Voyk leaves that much advertised school girl complexion of hers to Martha Baughman.

8. Hazel Sweeney leaves her ability at listening to stories, scandal, etc., to Betty Weller for it would be terrible if the Sr. B's didn't have a Sweeney to tell it to

9. "Scotty" Macbeth wills her manuscript of "My Year At B. H. S.," to Miss Jacot, who is to have it published. The proceeds are to be used in getting Jackson Young out of school.

ARTICLE III.

1. Sam Farber wills his many holidays to Art Weller so that Art can take a holiday whenever he pleases and he won't have to play hookey for it either.

2. Gustie Miller leaves her tardy record for the whole school to shoot at and it'll take some shooting.

3. Keith Durham wills his power over women and his title of the perfect lover to Bob Berlezky.

Contraction of the second s

4. Owen Egbert leaves his ability at getting a Hot Date to Leonard Jones.

HOPOCAN

5. Mary Hawse bequeaths her blonde locks to Christina Street but stipulates that she must furnish her own peroxide.

6. We will to our newly wed "Duke" Measell all of our matrimonial knowledge.

7. To Sardis Titley, Morris Axner gives his "Crust."

8. Francis Shank, with all due respect, leaves his amputated moustache to Bud Sherman.

9. Bill Strickland bequeaths all the coughs he took out of a carload to Mike Raplenovic.

10. Kenny Burnley leaves an account of his affair with Gustie to be sent to the Editor of The True Story Magazine.

11. The two Annes. Debold and Haidin, leave their excess weights to Mary Goff.

12. Werlie Appleman leaves his famous love sick gaze to Jack Moss.

13. La Rue Rouch wills her account of "Seven Nights in a Make-up Room" to Mickey McGuire along with that famous phrase, "He who plays hookey always gets hooked."

14. To Martha Lee Beaver we leave a certificate that she was once associated with that famous class of June '28 and we hope she becomes as famous as that Candy Maid, " Mary Lee."

15. Ted Frase leaves memories of himself to be distributed from heart to heart by the under classmen girls.

16. Velma Swigart leaves her thumb sucking habit to Thelma Collier.

17. Thalia Speck leaves her haircut to Alice McCorkle.

18. To Mr. Everett and Mr. Reed we leave three gross of red pencils to replace those they so sadly used on our absent and tardy slips.

Signed in the year of the Great Spirit nineteen hundred twenty-eight.

WILLIAM BISHOP YOUNG, MARGUERITE CLINE WILSON, HAROLD A. PIEFFER.

Goofing Class Poem of June 1928

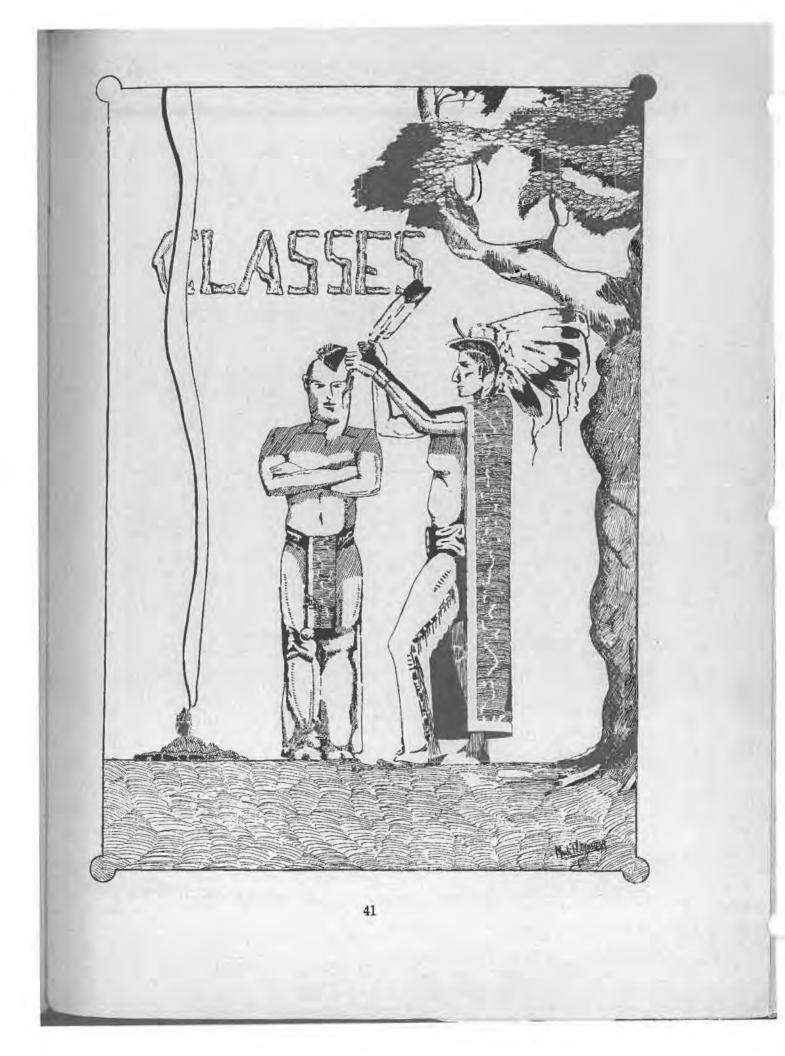

Just bubbling o'er with prattling glee, We romp along so prettily In lacy, racy, ecstacy, Our childlike eyes gaze dreamily At life's enchanting mystery, So innocent and sweet to see. You'd never dream that we Had just gone through the fourth degree.

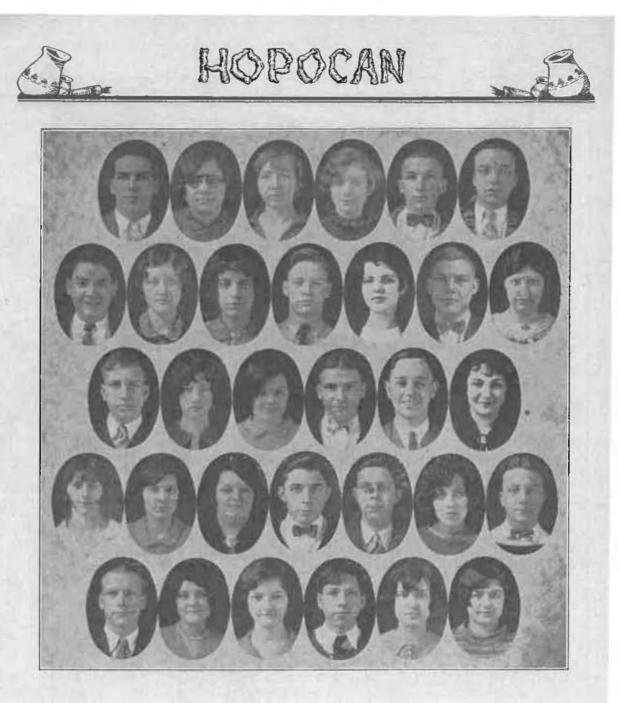

When we were little children We loved to go to school, And we all loved our teacher, Although at times she was a fool. And my, we'd have such lovely times, We'd play and skip with glee, It's lovely to be children— Indeed it is! Tee hee.

But now that we've grown older, Our own fare we must pay, And we're saving every penny For the proverbial 1 ainy day. Because, when winter winds are blowing, And the world seems bleak and bare, It isn't so much the overhead As it is the underwear.

We'll keep our banners flying, And we'll do the best we can; Honest, God-fearing, loving, In short, a model man. So here's hoping we go to heaven, Our friends are there, I've a hunch. But if they're not, I'd rather be hot And mingle, below, with the bunch.

-FRANCIS SHANK.

Name sounds familiar, doesn't it? Yes, the Student Council is the organization that invented the tardy system, keeps the stage in order, checks the "Up" and "Down" stairways and watches waste paper. It also helps locate lost articles and has been of all-around assistance in making Barberton High a pleasanter place in which to study.

National Honor Society

They've been described, at least the "type" Honor Society student has been described as a grind, who carries a stack of books so high he is unable to see over it with his horn-rimmed glasses. But one who knows these people as just boy and girl friends realizes the grave error such a picture presents. The people who make this group were chosen for scholarship, leadership, character and service, according to the charter, fifteen per cent of the upper fourth of the class forms the society.

The debates are graded by points in which everything from posture to manner of delivery count. The aims of the teams are to acquire poise, clear logical thinking and an eloquent forceful delivery. This early training was a great help to some of Barberton's former debaters who are now on college teams.

Recreation Club

One of the most universal clubs of the school is Recreation Club. It has been active in B. H. S. for many years and still continues to afford much enjoyment for students.

Dancing is the chief diversion with music furnished by the infamous Harmony Hounds.

Miss Janet Baughman is faculty advisor and members consist of upper and lower classmen alike.

The meetings are usually held semi-monthly in the Music Room or Gym and many alumni turn out with the student body.

Recreation Club is well named, being without a doubt, the most popular activity that B. H. S. has to otfer.

Athletic Board of Control

The Athletic Board of Control is the governing body for both boys' and girls' athletics. It awards numerals and decides upon any question concerning the athletics. of the school. The Board has been very active this year. One of the questions that has been called upon to settle is the awarding of numerals to the Cheer Leaders. The Board is made up of athletic directors, faculty and student members selected by popular vote.

Harmony Hounds

This is one group which has its popularity established with both the students and teachers.

It is a jazz band, which is led by the ever popular Mr. Bowen. Dan Murian, the king of the ivories, plays in this group, and all other members are noted for their musical ability.

If there's an organization in High School that deserves recognition, it's "The Harmony Hounds." They make the music, (we might add) And How!

67

Pow Wow

Many notorious happenings have occurred during this last year in B. H. S. and many before ordinary people have suddenly became exceedingly infamous.

The greatest honor ever bestowed upon a B. H. S. student occurred several months ago when Mike Krosnick, a Sophomore, was awarded a gold medal by the National Telegraphic Association for attempting to save the life of a small school girl. Mike fully dressed, jumped into the icy waters of Lake Anna at the risk of his own life. We are proud of Mike and he well deserves the honors poured upon him.

Betty Nell Weller and Deane Boyd have both distinguished themselves in golf. Betty Nell winning the woman's championship, and Deane making a name for herself at the Lincoln links.

One cannot, when remembering the last year, overlook the epidemic of measles which broke out in March and claimed as its victims not only students, but also several members of the faculty.

The biggest joke of the year has been none other than Ruby Miller. Her escapade at hookey playing and almost getting expelled turned out to be one of the biggest jokes that B. H. S. has ever experienced.

The thrill of a life time came to Margaret Yoder when Virg Weatherford kissed her in the class play, in fact, it was such a good one that the print of lip stick remained on her cheek during the rest of the play.

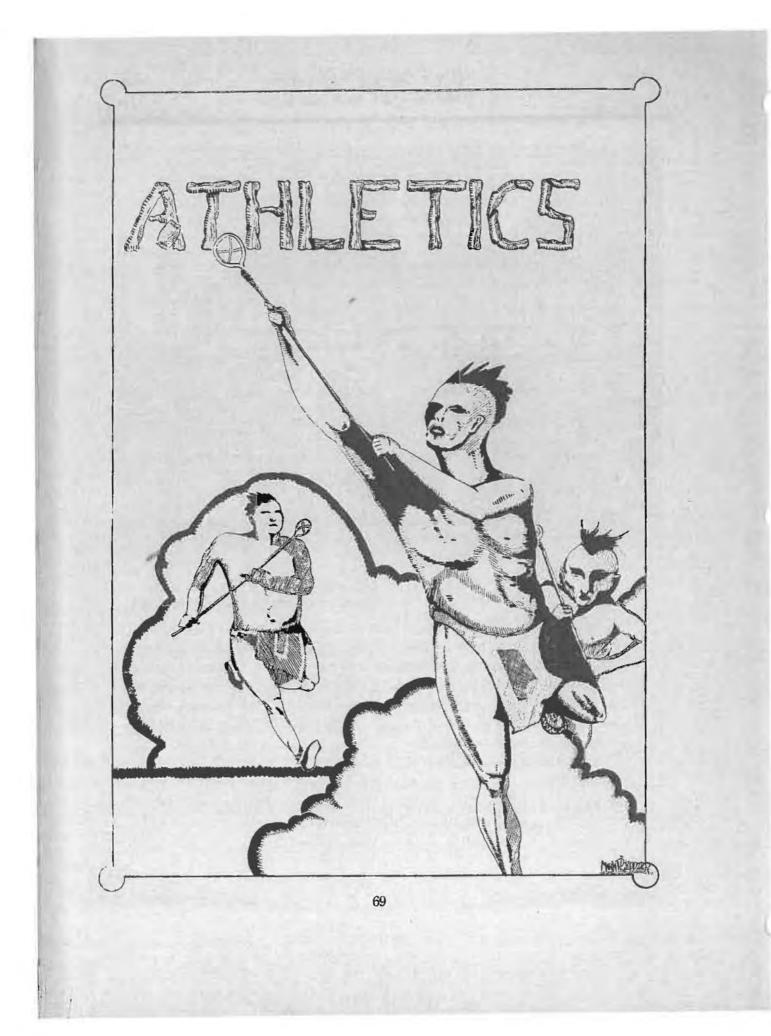

And when we speak of thrills, Peg Cline Wilson got one or two when a bottle of deadly acid was emptied on her poor legs. The acid evaporated but it left its marks. Ask Peg.

Of course we cannot leave "Merciless" out of this column as it has a way of getting into everything. Now when we speak of "Merciless," we're talking about Joe Cobb's chief pet, and by pet we don't mean cat or dog but a 1900 Oldsmobile. Does it run? And How.

Another occurrence of unusual merit, was when Mary Jane Stamp turned heroine and donated a quart of blood to an unknown woman, thereby saving her life. Oh. B. H. S. is full of heroes all right!

The early spring days, especially the day of the big debate, proved too much for the Senior's temptation to resist, and as a result the whole class politely played hookey. Results—five nights in the make-up room.

Jootball Review

When Barberton's football season closed the scores show that the Brown and White had won four and lost five games. This was a fairly good showing considering the fact that only four of last year's letter men were back.

The season opened Sept. 17, with Akron Central. A good crowd was on hand and Barberton put up a great fight although they lost, 12-6. The Barberton lads scored first and led 6-0 at the half. Central came back strong, however, and scored two touchdowns to win the game.

The home season was opened with a new opponent, Cleveland L.ncoln, and the boys immediately gave them a good licking. The score was 18-0.

Saturday, Oct. 1. Barberton journeyed to Akron to meet Garfield High. This time there was no doubt about the supremacy. Raplenovic became famous in this game by scoring two touchdowns in the first half. We won, 12-0.

70

B

We met our old jinx, Akron East, with a veteran team, on our own field, Oct. 8. The team held fine and the score was 6-0 at the end of the first half. They weakened in the last two quarters and East piled up 19 more points. Final score, 25-0.

On Oct. 15, we met Ted Turney's North High crew and were defeated, 2-0. It was a tough game to lose. A blocked kick, turned into a safety, did the work.

The boys from the cow-country (Orrville) came to Barberton Oct. 22 and put up a good fight but Barberton won, 28-7.

We then took a long journey to Elyria Oct. 29 and found many loyal rooters for B. H. S. there, where Barberton lost to a scrappy team, 16-6.

Our neighbor city, Kenmore, trimmed us by the score of 12-0 on their own field. Barberton had expected an easy victory and was sadly surprised. Over-confidence is a powerful opponent.

We won our last game with Wadsworth by the score of 6-0. It was a cold day and the crowd was small.

Six valuable men will be lost to Coach Pratt by graduation. They are Durham, Capt. Ling, Smith, Hicks, Evans and Hammett. Summary:

Basketball

Barberton had a very successful basketball season, winning 10 and losing 6 games. This does not seem so very good in games won and lost, but stop and think of the schedule and of the teams to whom we lost. It is no disgrace to lose to teams such as Akron West, St. Vincent's, Massillon, Youngstown East and Sharon, Pa. Five games, a losing total of 20 points or 4 per game.

The Pratt men would have gone much better but for the loss of such players as Harvey Ricks and Dale Ling. Harvey's leg was hurt in football and never came around in shape for basketball. Ling was declared ineligible due to his studies. This hurt Barberton's chances for a great year but the lads went ahead and won even if Lady Luck was against them.

Pratt will practically have to build a new team as five of the letter men will graduate.

Below is a list of the games won and lost.

Barberton 21 vs. West 27 Barberton 30 vs. Garfield 23 Barberton 28 vs. Wadsworth 14 Barberton 15 vs. Central 25 Barberton 28 vs. East 18 Barberton 21 vs. Massillon 23 Barberton 33 vs. Medina 19 Barberton 21 vs. St. Vincent's 27 Barberton 23 vs. Salem 19 Barberton 28 vs. East 19 Barberton 25 vs. North 23 Barberton 29 vs. Medina 14 Barberton 24 vs. Kent State 21 Barberton 48 vs. Cuyahoga Falls 31 Barberton 19 vs. Sharon 20 Tournament played at Goodyear: Barberton 13 vs. Youngstown East 19 Barberton 379

Baseball

No sooner was Spring football over than the athletes turned their attention to baseball. About 30 candidates reported to Coach Pratt on the opening day. Soon, however, the squad was weeded out and cut to 18 men. Among those remaining were the letter men from last year, Raplenovic, Farber, C. Ricks, H. Ricks, H. Jones, Axner. The new faces on the squad were: Constantine, Seryak, J. Beltich, Hackney, Sutter, Weiler, Anderson, Molvartz, Menosky, R. Weigand, Brouse, Stanley.

The probable line up in games: First base, C. Ricks, Hackney; shortstop, Beltich, Stanley; third base, H. Ricks, Molvartz; second base, Weigand, Brouse; catcher, Farber, Anderson; center field, Menosky; left field, Sutter, Weiler; pitcher, Raplenovic, Axner.

The squad is well balanced and the outlook for a promising season is exceptionally good.

SCHEDULE

April 20, Canton McKinley, there; April 27, Kent State, there; May 4, open; May 11, Kent State, home; May 18, Medina, there; May 25, Medina, home.

74

Cheer Leaders

Honorable mention is given the cheer leaders of B. H. S. With unfagging interest they attended the games of the past season, loyally supporting and cheering the team on to victory.

Never did they become discouraged at the lack of enthusiasm sometimes shown by the student body.

These faithful workers were Hannah Axner and Sardis Titley. They were awarded letters by the Athletic Board of Control for their good work.

Tennis

No girls' Tennis Tournament was held this spring. A class for the beginners was organized by Miss Janet Baughman. The girls from the different classes challenged one another to tennis matches.

It was announced by Miss Janet Baughman that a Tennis Tournament would be held next year with the co-operation of the students of B. H. S.

Golf

Golf is one of the important activities entered into by the students of B. H. S. in the spring of the year.

The veterans from last year's golf team are: Marcel Romain, Aldo Paolano and Frank Smith.

A large number reported to George French, the coach, for the squad this Spring from which the best were selected to play on the team.

Barberton will hold golf matches with West High, North High and St. Vincent's. These games will be a great source of interest to the student body.

Coach Pratt's ball toters took on a new foe when they journeyed down state to do battle with Elyria at their new stadium. If second half playing would mean anything Elyria would have been swamped as Barberton played them off their feet. Molvartz broke loose twice this half in an open field only to be tackled from behind. Barberton was beaten by the score 16 to 6.

Orrville after handing Wadsworth a neat walloping of 57-0 came up to the Magic City hoping to repeat the trick, only to be soundly spanked to the tune of 28 to 7. This was some game and was probably the best of the season.

Barberton always did believe in a fair exchange and they lived up to their beliet when they handed East High of Akron, two trimmings in basketball in exchange for the beating in football.

0 20 00

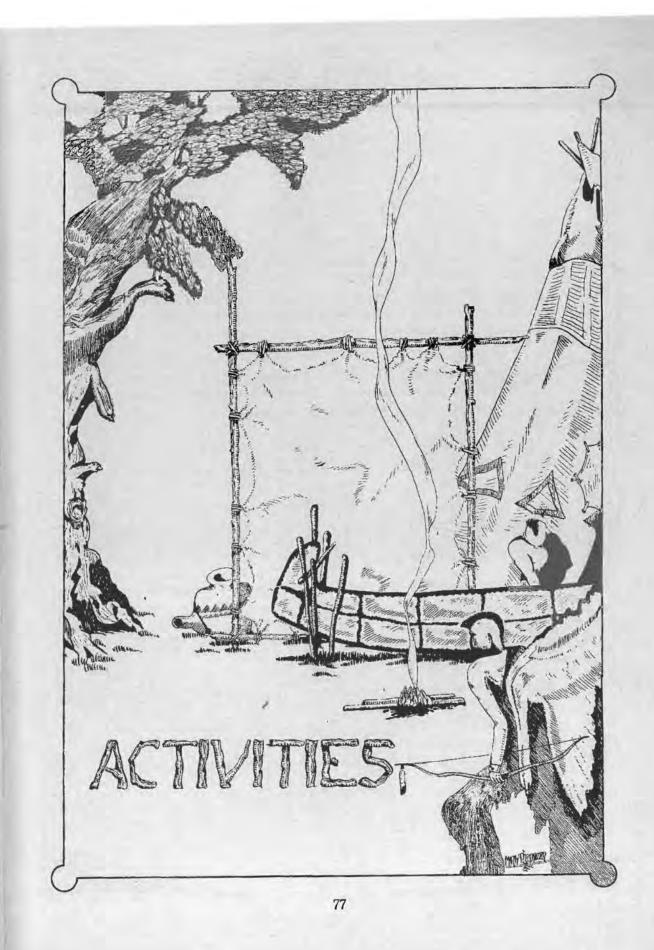

Remember the time Bill Young's knicker leg came down when he was keeping time at the Orrville game?

Barberton didn't have very good manners this year. Garfield invited the football team up in its own backyard only to meet defeat in the form of a 14-0 score. Barberton returned the invitation in basketball season, and again handed the Presidents a beating. This was the best game of the season. Appleman ran wild and scored 15 points. The final score was 30-23.

The team and several bus loads of students went to Sharon, Pennsylvania, to see the final basketball game of the year. This was a fitting game to close a successful year, as the audience was given an idea of how basketball should be played. Barberton fought an uphill battle to the score of 19 all as the game ended. In the overtime period Sharon got a foul and finally won out, beating the Magic City lads by the score 20-19.

"Magician Friday! Save your nickel till then!" How many posters have we seen flaunting slogans of this sort? And how we hung on to that "buffalo!" Reason

enough, too, considering the work the live-wire staff has done. The appearance of a new printing press the early part of the year boosted the size of the paper to three columns, twelve-page standard. "The Baby Book" pleased the Freshies, last Fall. The Hunting number caused many a laugh as did the Sears-Roebuck catalogue. The Verse or Worse edition and the Leap Year issue brought many a chuckle this semester.

All work on the Magician is done in Journalism Class where a dozen news fans sling a mean pot of ink in the sixth period.

All advertising and paper peddling is done by this group as well. The printing is done in B. H. S.'s own print shop. Sixteen editions are printed every year.

Dale Ling stumbled over them as he got out of his seat.

To bounce the rubber citywe have found it our aim.

But victories are waiting-for such is our fate.

However, weapons were paper and brought not a tear.

And Bob Bartell-he'll tell you just which one he lost.
Sept. 26 - Monday - Another big grid feed was held here tonight,
The team was all happy-and acted just right.
Sept. 27 - Tuesday - Frank Brown told us of Barnum, our old circus friend,
Frank Hammett of "Red Panther," that we didn't want to
end.
Sept. 28-Wednesday-Janet McDonald proved to us she has a keen thought,
She said "rubber clause," meaning elastic constitutional
draught.
